**General**

The procedures set forth in this Article 2 of the Rules and Regulations are intended to clarify the terms, provisions and requirements of Article 4 of the Declaration. In the event of any conflict between these rules and the Declaration, the terms of Article 4 in the Declaration shall control. As indicated in Section 3 of the Rules, there are some cases in which advance written approval of the ARC is not required if the Rules with respect to that specific type of Improvement are followed. In a few cases, as indicated in Section 3 of the Rules, a specific type of Improvement is not permitted under any circumstances. In all other cases, including Improvements not included in Section 3, advance, or prior written approval by the ARC is required before an Improvement to property is commenced.

**Submission of Drawings and Plans**

Two copies of the drawing or plans (minimum acceptable size 8.5" x 11") must be submitted to the ARC along with a completed ARR. Color photographs, brochures, paint swatches, etc. will help expedite the approval process. Specific dimensions and locations are required.

Any costs incurred by the ARC for review of submittals shall be borne by the Owner and shall be payable prior to final approval. Any reasonable engineering consultant fees or other fees incurred by the ARC in reviewing any submission will be assessed to the Owner requesting approval of the submission.

**Inspection of Work**

The ARC, or its duly authorized representative, shall have the right to inspect any Improvement at any time, including prior to or after completion, in order to determine whether or not the proposed Improvement is being completed or has been completed in compliance with the approval granted pursuant to the Rules and Design Guidelines.
